

● Pacific Tree Conducts an Educational Tour for Students

Pacific Tree International Language Academy conducted an Educational Tour for the students last February 22, 2019, Friday as part of the real-world simulation activity. Each student has their individual buddy teacher.

The group departed from the school at 8:30 in the morning. They went around the different historical places in Cebu City such as the Basilica del Sto. Nino (the oldest Roman Catholic Church in the Philippines), Magellan's Cross (a Christian Cross planted by Portuguese and Spanish explorer) Museo Sugbo (the Cebu Provincial Museum), Fort San Pedro (military defense structure built by the Spanish). Each buddy teacher explained the history and importance of the place to the students. After lunch at a local restaurant, the group visited the University of San Jose Recoletos-Main Campus. Students were divided into three groups for their presentation. Mr Katsuo Toma, a Business Management professor in one of the universities in Japan had his presentation related to management and economics while Kaori, Mayumi and Yukiko were doing the cultural exchange program by teaching the local students some Japanese language and so did the locals. The Wakayama students (Hina, Nana and Haru) showed some Japanese games to the Filipino students and the local students taught some Philippine traditional games.

The activity ended at 4 o'clock in the afternoon and went back straight to school. According to the students, it was a good experience for them as it would help them learn and practice their English skills by communicating with local Filipino students.

● Meet our New Teacher Trainer and Student Managers
